

Students love him:

Sandra: "I thought this was the funniest assembly ever!"

Kelsey: "It helped me to learn about peer pressure and about being myself, even if I want to fit in."

Connor: "You go in bored expecting another dull assembly as usual and you come out laughing hysterically. The guy is funny and actually makes you want to hear more! I think he is a comic genius trying to help out Junior High kids by making them look at peer pressure from another very funny perspective."

Travis: "That was pure comedy! I enjoyed your stories and your great sense of humor. Heck, I bet the entire school did!!!"

Dina: "What I liked about your message was that you used a situation that happens very often in middle school, so I think it drew more people's attention."

Sonya: "He's non-stop fun! He's awesome!"

Samantha: "The girl that you picked to be your backup singer is still singing 'Ooh, ooh, do the right thing.' It's a little annoying but it's true. Do the right thing in life."

Singer, Songwriter, Comedian and Kid Motivator, Jerry Jacoby is one of America's premier school assembly specialists.

Family Concerts:

Hundreds of schools have sponsored one of Jerry Jacoby's Family Concerts as a great way of bringing the bonding effects of humor and song to their communities.

Jerry is experienced at reaching all ages—toddlers through grandparents—so everyone can relax and enjoy a great show. And moms and dads will especially appreciate the emphasis on clean humor and audience involvement that is always encouraging for participants, never demeaning. And since Jerry's emphasis is always that of encouraging character in kids, his memorable stories and songs give parents another opportunity to talk about important issues with their children.

Teaches Students:

- How to effectively deal with peer pressure *
- How to develop decision making skills *
- How accepting reality and getting help leads to a healthier and happier life**

Other Assemblies:

- Jerry Jacoby's **Family Concerts** bring the message of character to the entire family and encourage discussion between parents and children.
- Elementary school students love Jerry's **“Real Character is No Accident!”**, which uses professional comedy and music to teach character and integrity, self esteem, respect of others and authority, and how to be honest, courteous and responsible.

We Receive Love Letters:

“I have NEVER seen a performance for our 8th graders that captured their interest like this one did.” – **Josh Reitz, assistant principal, Geneva Middle School North, Geneva, IL**

“You had everyone, including the teachers, waiting to see what you would do next! Your message was definitely received by our students! They really enjoyed the fact that you had their peers interact with you and the band thing they could relate to. It all tied into what we do in the middle school with our students regarding respect, responsibility, integrity, character. It also goes along with a theme we do throughout the year with our 7th grade students regarding tolerance and acceptance.” – **Michele Gehringer, Sheffield Middle School, Sheffield, OH**

“Not only were you entertaining, but you kept the students at all grade levels from K-8 focused the entire time. This is not an easy task, especially at the Junior High level. The students loved it and several felt that it made them realize that peer pressure is normal, that they are unique, and you taught them to accept the differences in others through your humor and musical talents. I also loved how you involved the students at every grade level in your performance.” – **Kathy Petroschius, St. Gilbert School, Grayslake, IL**

“And thanks to your wife, Michaella, for all her help making this possible.” – **Mary Foland, Duker Elementary School, McHenry, IL**

His Experience Works Wonders:

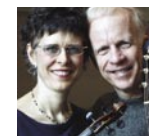

- Jerry Jacoby's talents and proven effectiveness have a rich history. The combined experience of over 7,000 school and family performances, 15+ years as an educator, and 30 years as camp speaker, plus an entire life of acting like a kid has taught Jerry the heart of children.
- He knows his audience. He connects with them.
- Many schools book Jerry every year (with a new show).
- Jerry's been inspiring kids in integrity for 21 years.
